**LEGEND.**

Highlands are covered with timber.  
Prairie Lands, particularly those blocked off thus [ ] grow sugar beets, alfalfa, wheat, oats, barley, rye and all fruits and vegetables common to a temperate climate.  
Mineral Lands, particularly those blocked off thus [ ] contain gold, silver, copper, lead and iron.  
Colfax County is the richest county in the United States in point of natural resources containing 1000 square miles of coal land, 1000 square miles of timber land, 1500,000 acres of grazing land, 800,000 acres of farming land with two acre feet of available flood water for each acre, 100,000 acres of mineral land containing gold, silver, copper, lead and iron.  
All farming lands and mineral lands and most of the coal, timber and grazing lands lie in the Cimarron Valley.

## LADY AGENT AMBUSHED

### Half Dozen Bootleggers Under Arrest on Sus- picion of the Crime

San Bernardino, Cal., June 15.—Miss Clara B. True, superintendent of the Indian reservation in this county and who recently caused the arrest of a number of men and women charged with "bootlegging" or engaging in the illicit sale of liquor to the Indians, is reported to have been ambushed by half a dozen men who are believed to have suffered in her numerous raids.

Seven men, all of whom are said to have been engaged in the traffic, are in custody in connection with the affair. It is said that Miss True, after learning that a plot had been laid to lure her out of the city and murder her at a favorable opportunity, started for Highlands in company with Mrs. Hazel Glenning, a deputy sheriff. Previously, however, Miss True had enlisted the services of several officers, who surrounded

the attacking party before the women approached in a buggy. The men in ambush attacked the buggy but were driven back by a volley from revolvers in the hands of the women. The officers then came to the rescue and captured the entire party.

### "SOUL MATES" BUY DOGS TO FRIGHTEN REPORTERS AWAY

Middletown, N. Y., June 15.—Determined to keep his premises free from trespassers, especially newspaper men, Ferdinand P. Earle of Monroe, who some months ago married his affinity after putting away his wife, has purchased several Great Dane dogs.

The place was already guarded by two, but Earle did not think the number large enough, and so he secured the reinforcements. Earle is still very bitter toward the newspaper representatives.

The residents of Middletown who treated Earle harshly when he first put away his wife, have now decided to let him live in peace in his mansion.

### ALLEGED KIDNAPER IS PLACED UNDER ARREST

Trinidad, Colo. (Special) June 16.—Special Officer Jones, of the C. & S., last night arrested one J. S. Scott and a formal charge of kidnaping will be placed against him this morn-

ing by District Attorney Clark.

Scott, it seems, had been under the surveillance of the local officers for the past few days, they regarding him as a suspicious character ever since Officer Jones found him and a companion asleep in a box car in the C. & S. yards two days ago. He claimed at that time that he was a railroad man and that he was broke. When asked to produce his car he replied that his letters were in the master mechanic's office and that he was to go to work in a day or two. The officer gave him the benefit of the doubt, thinking that he would either go to work or leave town.

Last evening the two young sons of Knox Richards, a C. & S. brakeman, were walking along the tracks in the yards when a man, who afterward proved to be Scott, called to them. Unthinking, they went with him for a ways when the younger of the two, a lad of about 9 years, was told to wait a minute. Scott and the older boy walked on and had gotten out of sight behind a car when Officer Jones noticed the pair and, recognizing Scott, placed him under arrest.

The prisoner showed no inclination to come along peacefully and Jones was forced to take him to jail under cover of a gun. When lodged in the county jail he still maintained that he was a railroad man, claiming to be a member of the B. L. F. and claiming that he had known the Richards family for six or seven years. Mrs. Richards denies that she or her husband, as far as she knows, had ever seen the prisoner before.

The case seems to be a serious one for the alleged kidnaper, there being strong evidence against him in case of prosecution. The police are investigating his record and exhausting every means to get his character and his record in the B. L. F. should he, as he claims, belong to that order.

## MURDERED AND ROBBED

Munsing, Mich., June 15.—George Gennery and his assistant whose name is not known, were brutally murdered and robbed some time since Saturday. Gennery was keeper of the lighthouse and there has been no light displayed since Saturday night. Their bodies were terribly mutilated and found floating in a boat. There is no clue.

### NECK DEEP IN A CAVE-IN

Shamokin, Pa., June 15.—Benjamin Treibley, two mules, and a wagon were enveloped by the ground caving in upon underground workings at Hickory Swamp colliery. They were drawn down sixty feet, one of the mules being smothered.

Treibley kept scrambling up the side of the newly-created hole during the downward rush and managed to keep his head above the ground.

He was buried up to his neck and was rescued with much difficulty.
